I hereby petition to withdraw the holding of abandonment in this case, on the basis that the Office Action forming the basis of the abandonment was not received. I hereby state: (a) the Office Action indicated by the USPTO's Patent Application Information Retrieval system, as mailed on October 6, 2004, was not received; and (b) a search of the file jacket and the docket records in my office indicates that this Office Action was not received.

I attach a copy of the docket record where the non-received Office Action would have been entered had it been received and docketed. As additional evidence of non-receipt of the Office Action, I also attach a statement from the person who would have handled the Office Action had it been received.

In consideration of these submissions, it is respectfully requested that the holding of abandonment be withdrawn, the Office Action as mailed on October 6, 2004, be re-dated and mailed so that our office can respond in a timely manner.

No fees are believed to be necessary. If, however, any fees are required, I authorize the Commissioner to charge these fees which may be required to IBM Corporation Deposit Account No. 09-0447.

Respectfully submitted,

Sir:

I, Francis Lammes, being of sound mind and legal age, and fully aware of the punishable nature of making untrue statements as Affiant herein, do hereby attest to personal knowledge of the following:

I am employed by the law firm of Yee & Associates, P.C. (the "Firm"), as a Patent Agent, in which capacity I handle patent prosecution matters for this application on behalf of the Firm and IBM Corporation (the "Client").

I am currently employed full time by the Firm and have no record of receipt of said Office Action dated October 6, 2004. Upon request by the Client on May 18, 2005, I investigated the status of the above referenced application using the United States Patent & Trademark Office's Patent Application Information Retrieval system. I found that a Final Office Action was issued October 6,

2004 and the Final Office Action was returned to the United States Patent & Trademark Office on October 19, 2004. Upon realizing the time for reply to the Final Office Action had expired and that the above referenced application was in an abandoned state, I contacted the Examiner and inquired as to what action should be pursued on behalf of the Client. I was informed by the Examiner that a Notice of Abandonment would be timely issued and, upon receipt, the Client could petition for revival. To date, there has been no issuance of a Notice of Abandonment by the United States Patent & Trademark Office.

I, Monica Gamez, being of sound mind and legal age, and fully aware of the punishable nature of making untrue statements as Affiant herein, do hereby attest to personal knowledge of the following:

I am employed by the law firm of Yee & Associates, P.C. (the "Firm"), as a Legal Assistant, in which capacity I personally receive all client related materials requiring further action and docketing on behalf of the Firm and IBM Corporation (the "Client").

I am currently employed full time by the Firm and have no record of receipt of said Office Action dated October 6, 2004. Upon notification by the Firm agent, Francis Lammes, that the application had gone abandoned, I immediately reviewed our docketing system and no office action was received.

When an office action is received, I immediately enter it into the docketing system the Firm uses and forward a copy to our client. I then forward the office action for assignment to one of the

Firm's attorneys or agents. The docketing system the Firm uses does have a specific place to enter when an office action is received, and the office action dated October 6, 2004, does not appear on the Case History Report attached hereto. The office action dated October 6, 2004, is also not listed on the case index of the case file, as shown on the attached index for this particular case.
